Welcome to the 2023 - 2024 school year! We've had a wonderful first few weeks with your children, getting to know them and helping them get to know one another.

The first six weeks of school are so important in establishing a positive climate and expectations. We believe that by investing time at the beginning of the year by teaching social skills, character values, and setting rules together, children will benefit all year long by knowing they are in a place that is welcoming and safe. You can support us by talking to your child about the rules their class created for themselves and how showing our P.A.W.S traits helps everyone do well in school and make friends.
