Saint David Catholic School

Student Athletic Handbook 2025-2026

Dear Parents,

Enclosed are two forms pertaining to the All Broward Catholic Conference, our Archdiocesan elementary school athletic association. We ask that you have both forms completed each year after June 15 or before the first day of tryouts. Only after these forms have been submitted is your child permitted to participate in the athletic events conducted by the All Broward Catholic Conference.

The Athletic Consent and Release from Liability Certificate must be completed by the student's parent or guardian and the Athletic Pre-participation Physical Evaluation form must be completed by a licensed physician (MD or DO).

Please note that the Athletic Pre-participation Physical Evaluation Form will be used ONLY for the purpose of determining a student's athletic eligibility.

Thank you for your cooperation.

Mrs. Michelle Chimienti

Sincerely,

Michelle Chimienti

Principal

Saint David Catholic School

HANDBOOK FOR STUDENT ATHLETES AND PARENTS

STUDENT ATHLETE BEHAVIOR:

All Saint David Student Athletes are expected to maintain high academic and behavior standards. Behavior as stated in the Saint David Student Handbook will be followed at all times. Players wearing the Saint David uniform represent the school and their behavior should reflect the Mission and Beliefs of Saint David Catholic School. If at any time a student's behavior becomes unacceptable, the student may be dismissed from the team/squad.

FEES:

There will be an athletic fee of \$110.00 for each sport. The fee covers the expenses of each sport (umpires and referee fees, tournament fees, team trophies and the cost of athletic banquets).

GRADES:

A student may be withheld from the next scheduled practice or game if his/her grade in a school subject falls to a "D" or lower. Upon receipt of information from the teacher(s) of the subject(s) verifying that the student has shown improvement in effort, the students may return to eligible status. It is the responsibility of the Athletic Director, not the team coach, to check on the status of an ineligible student each week. The student will remain ineligible until notification from the teacher(s) is received.

SCHOOL ATTENDANCE:

A student must be in school by 11:00 AM to be eligible to participate in that day's practice or game. If a student leaves school early because of illness, the student is ineligible to participate.

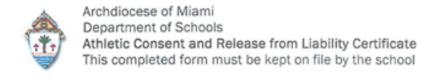

UNIFORMS:

No team uniform shall be worn to P.E. class. Players may cover their team uniforms with a school shirt or school P.E. shirt.

Do not alter the uniform in any way.

Team uniforms need to be washed and turned in at the end of each season. If the student does not turn in his/her uniform, report card(s) will be withheld.

This form is not considered valid unless all sections are complete. Participation in high school sports is not without risk. The student-athlete and parent/guardian acknowledge truthful answers to the above questions allows for a trained clinician to assess the individual student-athlete against risk factors associated with sports-related injuries and death. Florida Statute 1006.20 requires a student candidate for an interscholastic athletic team to successfully complete a preparticipation physical evaluation as the first step of injury prevention. This preparticipation physical evaluation shall be completed each year before participating in interscholastic athletic competition or engaging in any practice, tryout, workout, conditioning, or other physical activity, including activities that occur outside of the school year.								
We hereby state, to the best of our knowledge, that our answers to the above questions are complete and correct. In addition to the routine physical evaluation required by Florida Statute 1006.20, and FHSAA Bylaw 9.7, we understand and acknowledge that we are hereby advised that the student should undergo a cardiovascular assessment, which may include such diagnostic tests as electrocardiogram (ECG), echocardiogram (ECHO), and/or cardio stress test. The FHSAA Sports Medicine Advisory Committee strongly recommends a medical evaluation with your healthcare provider for risk factors of sudden cardiac arrest which may include the special tests listed above.
